### Features

**Quality:** rigorous tests and controls are put in place to ensure compliance with the highest quality standards.

**Durability:** designed to withstand frequent and intensive use, ensuring a long service life.

**High performance:** the trimming process makes the bristles uniform and aligned, while punching optimises their arrangement and inclination.

**Sustainability:** the use of recycled PP and PET significantly reduces dependence on virgin plastic and contributes to circular economy.

**Soft bristle:** gently cleans surfaces without leaving any residue.

**Tough bristle:** removes even the most obstinate dirt by removing it completely.

**Universal attachment:** compatible with all the main types of threads marketed.
