Features

Quality: rigorous tests and controls are put in place to ensure compliance with the highest quality standards.

Durability: designed to withstand frequent and intensive use, ensuring a long service life.

High performance: the trimming process makes the bristles uniform and aligned, while punching optimises their arrangement and inclination.

Sustainability: the use of recycled PP and PET significantly reduces dependence on virgin plastic and contributes to circular economy.

Soft bristle: gently cleans surfaces without leaving any residue.

Tough bristle: removes even the most obstinate dirt by removing it completely.

Universal attachment: compatible with all the main types of threads marketed.
