Features

Quality: rigorous tests and controls are put in place to ensure compliance with the highest quality standards.

Durability: designed to withstand frequent and intensive use, ensuring a long service life.

High performance: the trimming process makes the bristles uniform and aligned, while punching optimises their arrangement and inclination.

Setola dura: rimuove anche lo sporco più ostinato asportandolo completamente.

Angled bristle: it allows you to clean the corners that are generally more difficult to reach.

Feathered Bristle: collects the thinnest dirt leaving the surface perfectly clean.

Universal attachment: compatible with all the main types of threads marketed.
