Features

Quality: rigorous tests and controls are put in place to ensure compliance with the highest quality standards.

Durability: designed to withstand frequent and intensive use, ensuring a long service life.

High performance: the trimming process makes the bristles uniform and aligned, while punching optimises their arrangement and inclination.

Sustainability: the use of recycled PP and PET significantly reduces dependence on virgin plastic and contributes to circular economy.

Double bristle: bristles with two different hardness to satisfy every need of cleaning.

Hard bristle: removes even the most obstinate dirt by removing it completely.

Angled bristle: it allows you to clean the corners that are generally more difficult to reach.

Safe grip: designed to allow a safe use.

Ergonomic grip: designed to allow a safe and comfortable holding.
